## CAMPAIGN MONEY RECORDS MISSING

Stephenson Lieutenants  
Testify that They De-  
stroyed Memoranda  
of Expenses

MAY CALL TOM MORRIS

Members of Wisconsin In-  
vestigation Committee  
Likely to Be Sum-  
moned

MILWAUKEE, Wis., Oct. 4.—De-  
termined effort to get some definite  
information as to how the vast sum  
spent by Senator Stephenson in the  
primary of 1908 was expended over-  
shadowed all other angles of the sen-  
ate committee's investigation into  
the Stephenson election today. Ex-  
amination of Stephenson's campaign  
manager, his banker paymaster, and  
other lieutenants elicited practically  
nothing of a definite nature yester-  
day. Few had kept close accounts  
and much of the memoranda had  
been destroyed. Chairman Heyburn  
criticized the witnesses sharply for  
indulging in such generalities as  
"organizing," "looking after," and  
"talking over the situation."

He wanted to know for what ex-  
act purposes the money was spent  
and what exact instructions were  
given as to the spending and he served  
notice on the witnesses that he  
would hold to that point until he  
had got it, at the same time inform-  
ing all witnesses that they remain in  
attendance subject to recall.

Edmonds Disappears  
Something of a sensation was  
caused yesterday at the disappear-  
ance of Edmonds, Stephenson's  
manager, in disregard of instruc-  
tions and an early adjournment of  
the session was taken. Rodney Sack-  
ett, the Stephenson paymaster, was  
on the stand and expressed igno-  
rance regarding a certain item which  
Edmonds had previously charged to  
Sackett, and the idea was to put the  
witnesses face to face. The statement  
of Edmonds that the cost of a pri-  
mary election on the basis of the  
money he spent in Oconto county  
would be \$200,000 and consequently  
is prohibitive to the poor man, is  
criticized by the witnesses.

Little information regarding the  
accounting can be obtained from either  
side as the strikebreakers are  
herded inside the shop yards, which  
are surrounded by a stockade. The  
railroad police and squads of sol-  
diers prevent ingress to the company  
property. Many strikers and sym-  
pathizers who were superficially  
wounded in the hall of bullets that  
followed the last clash were carried  
to their homes or to doctors who  
treated their hurts quietly, lest the  
injured be arrested for rioting.  
There are 1,300 Illinois Central  
strikers in this town and today  
more than two men were not allow-  
ed to congregate in a public place.  
Soldiers with loaded carbines and  
fixed bayonet enforced the "move  
on" order relentlessly. The citizens  
and strikers resent the presence of  
the soldiers and denounce Governor  
Noel for ordering them here. The  
tension is so great that it is be-  
lieved the slightest overt act on ei-  
ther side will precipitate a clash.

The shooting followed the arrival  
of a train load of strikebreakers and  
was participated in by both strike-  
breakers and the crowd that had  
gathered to jeer the non-union work-  
ers.

Call For More Troops  
DENISON, Tex., Oct. 4.—Fear-  
ing a renewal of last night's rioting,  
officials of the Missouri, Kansas &  
Texas railroad declared this after-  
noon they had called on the state  
authorities to send troops here to  
guard the railroad property and the  
lives of strikebreakers. A mob of  
500 attacked the strikebreakers  
here last night, but no lives were  
lost. The strikebreakers had taken  
the places made vacant by the shop-  
men.

Fear Adverse Laws  
CHICAGO, Oct. 4.—Because of  
fear of much a diverse legislation,  
engendered by a public mind inflamed  
by the strike outbreaks that  
have marked the walkout of the sys-  
tem's federation employees, it was  
declared here today that the officials  
of the Illinois Central have ceased  
recruiting strikebreakers, whom they  
have been sending into the south in  
great numbers to replace the strik-  
ers.

According to a high official, the  
railroads have learned that great  
strikes in which blood was shed in-  
variably have been followed by re-  
strictive legislation. Much of this  
adverse legislation, this official ad-  
mitted, was caused by the often-re-  
peated story that the bloodshed al-  
ways followed the introduction of  
strikebreakers, and most of the time  
was caused directly by the break-  
ers.

"We have a perfect right," said  
this official, "to fill the places of  
our striking employees, but we fear  
that the sending of more strikebreak-  
ers into the south will be followed  
by more bloodshed, and bloodshed  
by legislation inimical to our in-  
terests."

That the federal government may  
be involved in the striking if there  
is much more bloodshed, is conceded  
on all hands today. The Illinois Cen-  
tral, in nearly every state it passes  
through, has obtained already at  
last a temporary federal injunction.

## SOLDIERS GUARD STOCKADE

Strikers and Breakers Are  
Ready to Battle on the  
Slightest Excuse;  
Governor Scored

McCOMB CITY, Miss., Oct. 4.—  
This city is practically under martial  
law today, following the arrival of  
three companies of state troops,  
called on account of rioting by the  
strikers and strikebreakers on the  
Illinois Central railroad last night.

An aged man by the name of  
Haines is dying because of a frac-  
tured skull and six other non-union  
men who replaced the striking mem-  
bers of the system federation in the  
shops there, are seriously wounded  
as a result of a series of clashes yester-  
day and last night.

Little information regarding the

## FEUDISTS HOLD POSSES AT BAY

Nine Men and Two Women  
in Desperate Defense  
of Barricaded  
Cabin

PIKEVILLE, Ky., Oct. 4.—Barri-  
caded in a cabin just across the state  
line, in Lee county, Va., today, nine  
men and two women, Kentucky feud-  
ists, are defying arrest by Virginia  
sheriffs, following their killing of  
Lisle and Henry Collins, deputy  
sheriffs.

Deputy Sheriff McCoy of this city,  
who, with the Collins boys and their  
father yesterday attempted to serve  
subpoenas on Zurelda and Margue-  
rite Barnett at the cabin, is also  
missing. James Collins, the father,  
is reported to have been fatally  
wounded.

Nine members of the Denny fam-  
ily, the Barnett women, Calvin Myr-  
acle and George Smith are said to be  
in command of all approaches to the  
Smith cabin and are believed to have  
a big supply of ammunition. A posse  
is being formed to storm the cabin.

Sheriff George Tucker is said to  
have escaped death by shielding him-  
self behind one of the women when  
she stepped out of the cabin. He was  
captured by the Denny's, held a pris-  
oner in the cabin but finally permit-  
ted to leave after promising he  
would not again attempt service of  
subpoenas.

The two women were wanted as  
witnesses against the Denny's for an  
alleged murder at Pikeville, Ky.

Posse Starts for Hills  
BIG STONE GAP, Va., Oct. 4.—  
Advices from Jakesville today say  
that a sheriff's posse has been start-  
ed into the hills to attack the bar-  
ricaded cabin of George Smith.

Where half a dozen men who se-  
riously wounded Deputy Sheriff James  
Collins and killed his two sons, are  
in hiding. The trouble was caused  
by an attempt to summon Mrs. Zurel-  
da Denny Barnett to appear before  
the grand jury in Bell county, Ken-  
tucky. Several of the men in the  
Smith cabin are supposed to have  
been wounded, but it is practically  
certain that a battle will take place  
before the stronghold is surren-  
dered.

## FEDDLER ARRESTED

Joe Iacno, who was selling what  
he claimed was Irish linen, was ar-  
rested late yesterday afternoon by  
the local police. Investigation proved  
that he was misrepresenting his  
good.

## INDIAN IS DRUNK AT LIQUOR TRIAL

Witness Sent to Jail to  
Keep Sober; Witnesses  
Absent; Guilty of  
Perjury

Joseph Halfday, an Indian, non-  
chalantly admitted that he was  
drunk, before the United States cir-  
cuit court today when he was called  
to testify in the case of the  
United States vs. Anderson, a crim-  
inal action for the selling of il-  
legal liquor to Indians. Upon being asked  
where he obtained the liquor Half-  
day answered "around town." United  
States District Attorney Gordon  
had him committed to the  
county jail to keep him sober and  
the case was adjourned until to-  
morrow when Halfday will be called  
to the stand providing Sheriff Burns  
can keep him from partaking of his  
customary liquid refreshments until  
that time. The bonds were placed at  
\$1,000.

Judge Landis, after having sev-  
eral Indian witnesses called on var-  
ious cases, only to find that they  
were "taking in the sights" and  
other things, issued an order to the  
effect that all Indians who had been  
subpoenaed should be kept in the  
court room until after their testi-  
mony had been given.

In the case of the United States  
vs. B. Gordon, Spooner, Wis., charged  
with perjury, the defendant was  
found guilty. A fine of not more  
than \$2,000 or a sentence not to  
exceed five years in the federal pris-  
on at Leavenworth, Kan., may be  
given. Mr. Gordon testified at Su-  
perior during bankruptcy proceed-  
ings, that he had kept no inventory  
of his drygoods stock and later on,  
following the discharge from bank-  
ruptcy, produced an inventory.

Frank Day, Ashland, was found  
guilty of selling intoxicating liquors  
to Indians.  
The case of William Bronson, La  
Crosse, charged with having sold  
liquor to Indians, two years ago,  
during a term of circuit court, will  
be brought up within the next few  
days.

Philip Wolfe, Arcadia, charged  
with sending obscene matter  
through the mail was found guilty  
and fined \$200.

Several saloon keepers residing  
in Wausau pleaded guilty to the  
charge of selling liquor to Indians  
and will probably be given a light-  
er sentence than is usually the  
case.

## NEW MARKET FOR \$20,000 OFFERED

Site Two Blocks Away  
Found and City's Right to  
Sell Old Market Es-  
tablished

Advocates of the plan to sell the  
Market square for mercantile build-  
ing purposes will offer the city an-  
other tract to be used as a market,  
located but two blocks distant from  
the present market.

The proposed new market site  
comprises the half block on the east  
side of Third street, extending from  
Cass street to Cameron avenue, and  
east to the alley. It is 300x170, and  
is said to be exactly the same in di-  
mensions as the present market.

Proceeding in behalf of the  
movement H. L. Taylor has secured  
an option on this property and will  
tender it to the city for \$20,000. As  
it is estimated the present market  
site will sell for \$50,000, it is con-  
tended that all the essentials of a  
good deal for the city will be pre-  
sent, i. e., the vacation of the present  
market for building so as to relieve  
the downtown congestion; provision  
for a new market centrally located  
and a net profit to the city of \$30,-  
000.

Consultation with Attorney Wil-  
liam F. Wolfe today gave Alderman  
Roellig definite information that the  
city acquired the present market site  
by unconditional deeds, and that thus  
the doubt as to the city's right to  
sell, raised by Alderman Mahoney,  
is removed.

Mr. Roellig will immediately call  
another meeting of the grounds and  
buildings and the judiciary commit-  
tee, and expects a favorable report  
at the next council meeting.

## REPUBLICANS TO FIGHT

BOSTON, Oct. 4.—The Massa-  
chusetts republican state conven-  
tion met here today to prepare for  
what is generally conceded will prove  
the bitterest political fight this state  
has ever witnessed.

Governor Foss has made this  
issue plain. The democrats will enter  
the campaign determined to fight  
on national issues only and the re-  
publicans are forced to accept the  
challenge. Today's convention is not  
expected to be entirely harmonious,  
for there is a strong band of in-  
surgents, admittedly out for trou-  
ble. The party leaders are working  
desperately for harmony in view of  
the disastrous effect that another  
democratic victory will have on the  
national situation.

At the same time a dispatch was  
received from Syracuse to the effect  
that Tripoli had surrendered. It is  
not known whether or not the Ital-  
ians have landed troops there.

Everything today points to a de-  
termination on Italy's part to force  
the porte to an unconditional sur-  
render. In a semi-official note she  
justifies her operations in the Adriatic  
on the ground that they are neces-  
sary to prepare a safe passage for  
an expedition to Tripoli. This  
note is taken as an answer to Aus-  
tria's declaration that if Italy per-  
sisted in attacking Preveza, the im-  
perial government would consider it  
necessary to dispatch warships to  
that port.

Turkey is said to be greatly dis-  
couraged over the failure of her ef-  
forts to obtain intervention by Eu-  
ropean powers. This failure has given  
a strong impetus to the war par-  
ty and troops are being hastily mo-  
bilized throughout the country. At  
Salonica, 30,000 volunteers have  
been enrolled by the committee of  
union and progress, the official or-  
ganization of the Young Turks.

These troops were immediately hur-  
ried toward the Albanian coast, pre-  
sumably with the intention of  
checking any attempt at an uprising  
in that province.

To Occupy Colony.  
An unconfirmed report from Vien-  
na declares that the porte has or-  
dered the Yemen expeditionary  
force to occupy the coast of the  
Italian colony of Eritrea, supported  
by a Turkish flotilla in the Red sea.

Eritrea is north of Abyssinia, bor-  
dering on the Red sea.

In official circles here, however,  
it is believed that the porte would  
be willing to yield Tripoli if Italy  
would pay a reasonable compensa-  
tion and also agree to a suzerainty  
by the sultan. This latter condition

## NOBODY HELD TO BLAME FOR FLOOD

Responsibility For Austin  
Disaster May Never Be  
Fixed; State Has No  
Recourse

## NO COMPLAINT REGISTERED

Unidentified Bodies to Be  
Buried in One Grave;  
Death List De-  
creases

AUSTIN, Pa., Oct. 4.—Although  
it has been repeatedly stated by en-  
gineers that the dam of the Bayless  
Paper company has been in a weak-  
ened condition for over a year, re-  
sponsibility for the bursting of the  
dam which cost the lives of fully  
seventy-five persons and wrecked this  
village, will probably never be  
so fixed that anyone will suffer for  
it by a prison sentence or fine.

Both Governor Tener and State  
Water Commissioner Feitz indicated  
this today in statements made after  
a conference with those in charge of  
the relief work. The governor and  
Feitz arrived here last night on a  
special train and at daybreak in-  
spected the broken dam.

"It's too early to talk of prosecu-  
tions," said Governor Tener. "We  
are going to do all we can to allevi-  
ate the suffering. I think we have  
the situation well in hand on that  
score, but the state has no control  
of this sort of a dam."

No Complaint Recorded  
"The state never passed on the  
safety of the Bayless dam," said  
Feitz. "I have carefully looked up  
the records, and no complaint was  
ever made against the dam, and our  
engineers never inspected it. The  
law does not give us jurisdiction over  
dams on streams such as Freeman's  
Run. At the last session of the leg-  
islature a bill for such jurisdiction  
was defeated."

Prosecutor Nelson Potter coun-  
ty, will carry on an independent in-  
vestigation, despite the statements  
of the higher officials, and will call  
an inquest in the Austin school Fri-  
day. Deputy Attorney General Har-  
grett will represent the state. Govern-  
or Tener returned to Harrisburg at  
9 o'clock this morning.

The work of searching for bodies  
and caring for the survivors contin-  
ued today. There is a great short-  
age of food. Five hundred families  
are dependent upon the relief com-  
mittee for food and not half enough  
can be spared by surrounding towns.  
The relief workers have plenty of  
money and clothing, however.

Telephone Girl Pensioned  
Many of the bodies now being re-  
covered are burned beyond recogni-  
tion, having been caught in the  
debris which took fire from the  
bursting gas mains. The funerals of  
the identified dead are progressing  
rapidly, but the unidentified bodies  
may be buried in one long grave.

Many stories of heroism are still  
being told, and the telephone com-  
pany has announced that Kathleen  
Lyon, the operator who stuck at her  
post and warned many of the flood  
danger has been pensioned, to re-  
ceive double pay as long as employ-  
ed by the company.

MICHIGAN "U" ROBBED  
ANN ARBOR, Mich., Oct. 4.—  
The surrounding country is being  
searched by a posse for the three  
yegmen who early today blew the  
safe in the office of Treasurer Camp-  
bell of the University of Michigan  
and escaped with \$500 in cash.

The robbers were discovered by  
Watchman Armbruster and he opened  
fire on them. A pistol duel followed,  
during which the men fled.

WEATHER

For La Crosse and vicinity: Fair  
tonight and Thursday; slightly cool-  
er tonight with probably frost.

For Wisconsin: Fair tonight and  
Thursday; somewhat cooler tonight  
with probably frost in lowlands.

For Minnesota: Fair tonight and  
Thursday; probably frost tonight,  
rising temperature Thursday.

For Iowa: Fair tonight and Thurs-  
day; not much change in tempera-  
ture.

Weather Notes  
The storm over North Dakota yester-  
day morning has moved to Onta-  
rio attended by high winds and  
rain. It has caused higher tempera-  
ture throughout the eastern states.  
An area of high pressure now over-  
lies the plains states and Rocky  
mountain region and it is cooler  
throughout that section, with frost  
in western South Dakota, western  
Nebraska and Colorado.

Fair weather will prevail in this  
section tonight and Thursday with  
slightly lower temperature tonight  
and high frost.

## WATCH FOR THE TRIBUNE'S GREAT NEW SERIAL STORY

What The Literary Critics Say of

## "The Prodigal Judge"

"THE PRODIGAL JUDGE" is one of the most fascinating, human and original novels that an American author has turned out in many a long year—the sort of book which you don't want to borrow from anyone. Buy a copy of your own, and, once you have read it, you'll never let it out of the family.

—N. Y. Sun.

"The Prodigal Judge" has a distinct claim to the attention of readers of fiction. It grips and carries one along relentlessly. It charms with its humor and stirs with its thrilling episodes. It has 'go' and Mr. Kester lets himself loose in the telling. The element of mystery excites curiosity, and the denouement is satisfying. It will be read with pleasure by those who love a robust and profoundly human tale. —Boston Herald.

"The reader closes 'The Prodigal Judge' feeling that human nature is, after all, a lovable thing; grateful beyond words to Mr. Kester for his sane and healthful romance, which proves that a writer may be decent without losing strength. It should leave its readers with wider sympathies, softer hearts, a larger tolerance." —New York Times.

"After the last word in criticism has been said, the book that succeeds is the book that has the vital quality. For that reason Mr. Vaughan Kester's new novel, 'The Prodigal Judge,' is sure of a cordial reception. In its salient characterization the story is unique among works of current fiction. Closing the volume, the reader is touched by that rare feeling that he has left a company whom he has known intimately, and for the most part, loved." —N. Y. Herald.

"The Prodigal Judge" runs the scale of human emotions from treble to bass. In humor, wholesome; in romance, as delicate as the odor of mignonette; in action, as tense as the 'G' string of a banjo. The story grips." —New York Commercial.

The first installment of this epoch making novel will appear in The Tribune tomorrow, Oct. 5. If you are not a subscriber, place your order at once. ## CHALONER'S PROTEST TO LAST A WEEK

CHARLOTTESVILLE, Va., Oct. 3.—"No jury in the world would ever say that John Armstrong Chaloner is not competent to administer his property," said Attorney Frank D. Ware of New York, as he swung off a train here today to represent Chaloner in the taking of depositions in his suit in the New York federal court to recover his property from a "committee" Thomas T. Sherman.

Chaloner said it would take him a week to tell all he had to say. It being a deposition, there will be little restriction on him, and accordingly he will start at the beginning and narrate how he was thrust into the insane asylum at Bloomingdale, N. Y., on the complaint of his brothers, Winthrop Astor Chaloner, and Louis Stuyvesant Chaloner, of his four years confinement and how he escaped and had a court in Charlottesville declare him sane. He will recount his psychological researches which were the basis for the lunacy proceedings in New York. Then he will tell, he asserted, of one of the "worst scandals the world has ever known, a scandal affecting one of the most prominent men in New York city, an affair touching the innermost circles of New York's 'Four Hundred.'"

## GRANT HEARING ON RATES

WASHINGTON, Oct. 4.—The interstate commerce commission today suspended an increase in rates on cattle and sheep proposed by the Chicago, Rock Island & Pacific railroad, until December 31 before which time a hearing will be granted. The commission today granted authority to the Great Northern railway to continue to charge for transportation to the Pacific coast of passengers and baggage at rates lower than those concurrently in effect to other points to meet competition of more direct lines via Council Bluffs, Iowa.

Purpose of Getting Better  
Acquainted and to Discuss Problems

Recognizing the great advantage of acquaintance with students and parents, the high school faculty, at their meeting Monday night, took steps to bring about closer relationship between parents, teachers and students. An extended discussion of the subject resulted in a committee being appointed to devise a means of bringing about the desired end and report at the next meeting. Of the two plans prepared by the faculty the first was to consult with the program committee of the Parents' and Teachers' association as to the advisability of making the next meeting of that organization, which will be held Oct. 10, largely a social one, thus affording the parents and teachers an opportunity of becoming better acquainted. To avoid the embarrassment which is evident when parents and teachers meet, over the inability of both to remember names, it was suggested that each individual wear a badge furnished by the reception committee upon which the name of the person was to be written for identification purposes. The scheme will undoubtedly be carried out. It was further proposed that a list of names of the parents be submitted to the faculty and that each faculty member make it a point to personally invite a certain number of parents in addition to the invitation which will be extended by the secretary of the association. An effort will be made to get more parents to turn out to these meetings.

That students and teachers may become better acquainted, it was suggested that the faculty meet the separate classes in a social way. A committee was appointed to look into the matter and a report will be issued next month. The whole evening was given to a discussion of these problems and it is evident that a great improvement in this direction will be made this year. The faculty members are alert to the situation and if plans carry, there will be much closer relationship between parents, teachers and students before the year ends.

### FINE BLADES OF DAMASCUS

Swords Made in the Oriental City  
Were Most Wonderfully Tempered and Adorned.

Fancy frills and ornamentation were not thought of in the hurried forging of weapons called into need by the breaking out of the Civil War. How plain the usual cavalry sabre was, for instance, is well shown by comparison with the lavishly ornamented weapons turned out by the oriental sword-makers. The Turkish sword is a beautiful piece of work, the blade, "damascened" with inlaid wires of gold, being of astonishing elasticity. Each quarter inch of surface of the gilt scabbard, handle, and hilt is crowded with engraved designs.

From the city of Damascus, celebrated for more than a thousand years for the skill of its swordmakers, the Crusaders took to Europe the art of "damascening"—a tissue of dark lines on a light ground, or the reverse—and the inlaying of gold on the steel itself. In the genuine Damascus blade of the best period the figure, that is, the intricate twists made in the steel while hot under the hammer of the swordsmith, is not, as some think, a matter of surface. It extends through the blade, and hence is not removed by a thousand polishings. These beautiful figures on the genuine blades are almost identical with the best so-called Damascus gun barrels of today.

### STATES' RIGHTS ARE UPHELD IN DENVER

DENVER, Col., Oct. 4.—After listening to an address by President Taft, the public lands convention, which has been in session here since last Thursday, adjourned at noon yesterday.

The business of the convention was really concluded Monday night, when resolutions endorsing the policy of control by the individual states of the natural resources were overwhelmingly adopted. This action was taken after the minority report of the resolutions committee favoring federal control was rejected—429 to 35. The strong opposition to states rights, which had been predicted, failed to materialize.

Advocates of federal control charged that the convention had been "packed" against federal control and the Roosevelt-Pinchot policies.

**Literal Obedience.**  
Figg—Talk about green servant girls! My wife told ours to put a little nutmeg in the custard she was making this afternoon.  
Fogg—And she didn't do it?  
Figg—Oh, yes, she put a little nutmeg in, all right! I came near choking over the blame thing.

### CARNEGIE ASSESSED FOR \$10,000,000

NEW YORK, Oct. 3.—The blue list of leading New York millionaires was made public here today. It is included in the list of personal tax assessments.

Andrew Carnegie and Mrs. Russell Sage head the moneyed parade, each being assessed at \$10,000,000. J. P. Morgan is left off with a mere \$500,000—two hundred thousand more than the city fathers classify Joseph Pulitzer. The Vanderbilts are represented by assessments aggregating more than \$2,000,000. John D. Rockefeller will pay on the basis of \$5,000,000.

The total assessed valuation of real estate in New York is \$7,525,474,063—an increase of nearly \$150,000,000 over last year.

**Two Wealthy Cities.**  
Frankfort probably shares with Amsterdam eminence as being the wealthiest city in the world per capita. There is an immense investment fund in this city garnered through centuries. Frankfort has long been one of the great money markets of Europe and banking in Germany centered here until recent years, the great Frankfort private banking houses leading and being assisted in their operations by such houses as Mendelssohns and Bleichroeders in Berlin and the Oppenheims in Hanover.

### House of Commons Ghost.

An interesting house of commons ghost is the "radiant boy." This child ghost has been many times seen and heard. Its complexion is of the colorless purity of Chinese white, a halo of silver sparkles about its head during its peripatations and its eyes gleam in their sockets like bright electric lamps. It is evidently in agony, for the palms of its hands are stiff and turned downward, and as it paces from room to room it gives utterance to moans of anguish and never lifts its gaze from the floor. So far as can be ascertained this particular ghost has no prespectral history and why it should have chosen the house for its haunt is a mystery.—London Mail.

Recent British census returns say that the Irish linen industry employs 935,000 spindles and 36,000 power looms. England has only 50,000 spindles; Scotland has 100,000.

### Hymn Numbers for 'Phones.

The city missionary was growling because he found it difficult to remember the mission telephone number.

"I would like to change it to 793," he said. "I could remember that, for 793 is the number of my favorite hymn. Five hundred and sixty-eight, the present number, was the favorite hymn of the superintendent in charge when the telephone was installed. The telephone company is very courteous in its dealings with churches and missions. Whenever possible they allow the pastor to select his own number. As an aid to memory most of them choose the number of a popular hymn. That is the reason most churches and missions have low telephone numbers."

The wise guy knows a man gets more benefit out of kicking than he does out of a quiescent gratitude.

### Promised Not to Respank His Wife.

William Novalous of Ashley, near Wilkesbarre, Pa., pleaded guilty to spanking his wife because she was extravagant, and Alderman Ricketts of this city, who heard his story, discharged him.

He had been arrested by his wife and was not backward about admitting that he had beaten her. "I give her a sum of money each month to run the house," he explained, "and when I found that she had spent considerable of this money for other things I was angry and took my razor strap and spanked her."

As he promised not to take such extreme measures next time, and as Mrs. Novalous appeared none the worse for the spanking, Alderman Ricketts discharged him.

You can't tell the size of a man's income by the size of the cigar he smokes.

## A CASE IN POINT

The national administration  
would do well to concern itself  
with the case of Judge Hanford,  
of Seattle. President Taft is strenu-  
ously opposed to the recall of judg-  
es. He maintains that the present  
agencies are ample to deal with a  
bad judge.

Hanford is a bad judge. He is-  
sued an injunction restraining  
STREET CAR PASSENGERS FROM  
EVEN ASKING FOR TRANSFERS IN  
A CASE WHERE THE STATE  
SUPREME COURT HAD DECIDED  
THEY WERE ENTITLED TO  
TRANSFERS.

Then, when citizens and a news-  
paper publisher criticized this de-  
cision, HE CAUSED THEIR AR-  
REST AND IMPRISONMENT.

If this decision were to stand,  
where would be our boasted "free  
speech?" Were the decision to be-  
come a precedent, what despotism  
the courts would assume!

Where there is a law permitting the  
recall of judges in Hanford's ju-  
risdiction, he would not now be a  
judge. The people would have re-  
moved him as a tyrant and corpora-  
tion tool.

But the people in his jurisdiction  
have not been granted the judicial  
recall. President Taft is a lawyer,  
and as an attorney he cannot sanc-  
tion the Hanford decisions. Why  
does he not invoke the existing ma-  
chinery which he says is all-suffi-  
cient for the chastening of the  
bench? Mr. Heney points out that  
if Hanford can successfully assume  
the right of arrest he employed in  
the transfer case, he would have  
the right to arrest and imprison for  
contempt anyone who dared bring  
impeachment proceedings. Perhaps,  
were the president to try it, he  
might be landed behind the bars by  
a court whose supreme authority he  
had dared to question.

## MUST SHOW PARTY

"If it is made reasonably clear,"  
says the Saturday Evening Post,  
"that only an insurgent, genuinely  
devoted to tariff reform, stands a  
show of winning in this territory,"

Mr. Taft will not be renominated.  
To adduce that proof is the task be-  
fore the insurgents."

Thus The Post reiterates the  
thought that the progressive repub-  
lican program is to get to work ear-  
ly in enough progressive states to  
show the politicians that Mr. Taft  
cannot be re-elected, thus preparing  
for a new "band-wagon" regarding  
which more optimism is possible.

"The last three presidential elec-  
tions," continues The Post, "were  
walkovers for the republicans. Each  
time their vote in the electoral col-  
lege was about two to one. Appar-  
ently the democrats can count on one  
hundred and forty southern electoral  
votes, no matter who their candidate  
or what their platform. That was  
Parker's vote in 1904. Aside from  
this inalienable southern support,  
Bryan, in 1908, received only twenty-  
one electoral votes—from Colora-  
do, Nebraska, Nevada and Oklaho-  
ma. The contest of 1912, however,  
promises quite different conditions.

"The grand difficulty confronting  
the insurgents arises from the fact  
that an impregnable democratic  
south, where the republican party  
consists largely of federal office-  
holders, will probably give Taft  
more than three hundred votes in  
the nominating convention. More  
than seven and a half million repub-  
lican votes were cast at the last  
election. Eleven southern states  
gave only half a million of them;  
but the votes of those states in the  
nominating convention may decide  
the nominee.

"One may take eleven northern  
and western states—Indiana, Iowa,  
Kansas, Massachusetts, Minnesota,  
New York, New Jersey, Ohio, Wis-  
consin, California and Oregon—that  
have gone republican in the last  
three campaigns and usually since  
the civil war, but which, on the  
basis of the latest returns, are now  
either insurgents or democratic.  
Within those states the battleground  
of the next campaign will mostly lie;  
but their power to choose the nomi-  
nee is not much greater than that of  
the southern states, which are vir-  
tually outside the contest."

## POLITICAL IMITATORS

If the Quebec Daily Telegraph  
makes no mistake, the United  
States, land of monopolies, has no  
monopoly on the gentle art of de-  
bauching elections. Indeed, our lit-  
tle sister to the north may be de-  
emed precocious, copying our political  
methods and grabbing our farmers  
with equal celerity.

The Telegraph comments thus up-  
on the agencies which it claims de-  
feated Laurier upon the reciprocity  
issue:

"ALL THAT AN UNSTINTED  
COMMAND OF MONEY AND THE  
MOST LAVISH EXPENDITURE  
COULD DO TO POISON THE PUBLIC  
MIND AGAINST THE GREAT  
LIBERAL LEADER, THE POLICY  
OF RECIPROCITY AND OUR  
AMERICAN NEIGHBORS WAS  
DONE THROUGH THE CORRUPTION  
OF THE PRESS AND PEOPLE,  
THE INTIMIDATION OF THE  
WORKING CLASSES, ALL  
LAW AND DECENCY WERE SET  
AT DEFIANCE, MONEY AND  
WHISKEY WERE POURED OUT  
GALORE TO ANNIHILATE THE IN-  
DEPENDENCE OF THE ELECTOR-  
ATE AND ONE OF THE MOST  
TRUTHFUL ORGIES OF ELEC-  
TORAL DEBAUCHERY EVER WIT-  
NESSED ON THIS CONTINENT  
WAS INAUGURATED AND suc-  
CESSFULLY CARRIED THROUGH  
TO THE END BY THE POWERS  
OF PILLAGE OPPOSED TO REC-  
IPROCITY AND THE CURTAIL-  
MENT OF THEIR SPECIAL PRIV-  
ILEGE TO LEVY HEAVY TOLL ON  
THE CONSUMING MASSES."

One fears the alluring possibi-  
lities of Canadian politics may entice  
the residents of Adams county,  
Ohio, northward in a body. Agricul-  
ture, with bartering votes as a side  
line, is fairly profitable in that cra-  
dle of presidents, but there is in the  
story of Laurier's Waterloo an invita-  
tion to The Dominion as the prom-  
ised land.

Of course, it must be remember-  
ed that the quotation above was  
aimed by a Laurier organ at Laur-  
ier's foes, in the hour of its bitter-  
est disappointment. To the sturdy  
husbandmen of Adams county we  
would advise investigation before  
the exodus.

"I don't know whether I can af-  
ford to run for congress," says Judge  
"Bob" Cowie. Doesn't Judge Cowie  
believe that "The Lord will pro-  
vide?"

## RECIPE FOR WEAK KIDNEYS

The following recipe is the best  
that can be had for weak or disor-  
dered kidneys: "Half ounce fluid  
extract Buchu; half ounce Muxar  
compound; six ounces good pure gin.  
Shake the bottle well each time and  
take one of two teaspoonfuls of the  
mixture after each meal and at bed-  
time." Any druggist will mix or  
supply these ingredients.

The foregoing formula comes  
from high medical authority and will  
produce quick and permanent re-  
sults. It will speedily relieve back-  
ache, rheumatic pains, frequent and  
highly colored urination. These  
symptoms of kidney trouble must  
have prompt attention to prevent  
Bright's disease or diabetes.

# PUBLIC DEBATE

Editor, La Crosse Tribune,  
La Crosse, Wisconsin.

Under date of September 26th,  
you published a dispatch from New  
York of the same date under head  
of "Scientists Plan Home." Will you  
kindly insert the following which  
is an official statement from Mr.  
Alfred Farlow, committee on publi-  
cation of The First Church of Christ,  
Scientist, Boston, Massachusetts,  
which appeared in the Boston Globe  
under date of September 27th:

"Over a year ago Mrs. Lysbeth L.  
Campbell wrote to the board of di-  
rectors of the Mother Church in re-  
gard to a plan she had for estab-  
lishing what she called a Christian  
Science home. It was explained to  
Mrs. Campbell that the project did  
not seem practical or desirable or  
in accordance with the provisions of  
our church manual.

"A few days ago Mrs. Campbell  
and two of her friends came to Bos-  
ton and stated to two members of  
the board of directors of the Mother  
church that they proposed open-  
ing an institution which should be  
in the nature of a sanitarium, where  
persons could receive Christian Sci-  
ence treatment.

"It was again explained to Mrs.  
Campbell and her friends that the  
Christian Science denomination  
could not endorse her enterprise or  
recommend it, and that while any-  
one might attempt to found a sani-  
tarium, they would have no right  
to call it a Christian Science insti-  
tution and the Christian Science  
church could assume no responsibil-  
ity whatever for it."

Yours truly,  
H. L. CONGER.

September twenty-ninth, nineteen  
eleven.

Editor, La Crosse Tribune,  
La Crosse, Wisconsin.

Dear Editor:—

In your issue of September 26th,  
under head "Minneapolis Leper Al-  
lowed at Large," the report is in  
error as to several facts.

This man was examined by two  
physicians about twelve years ago,  
one of them being secretary for the  
State Board of Health of Minne-  
sota.

They diagnosed his case as one of  
leprosy, but decided that it was per-  
fectly safe for him to be at large.  
My informant writes me that the  
secretary of the Department of  
Health of Minneapolis told him that  
they instruct these people how to  
take care of themselves, and also  
the families, and then keep a sort  
of watch on them, and as long as  
they follow these directions, there  
is no reason why they should not  
be allowed at liberty.

The physicians were unable to do  
anything for him. Off and on he had  
Christian Science treatment and his  
family now say that through that  
treatment he was kept alive and in  
as comfortable condition as he was  
up to the time of his going out.

At no time did any member of  
his immediate family feel the slight-  
est indication of fear that the dis-  
ease would be communicated.

Believing you will be glad to pub-  
lish these facts in order to correct  
any false impression made upon  
your readers by the report as pub-  
lished, I remain,

Yours truly,  
H. L. CONGER.

## POISON PEN SPOILS HEIRESS' ROMANCE

NEW YORK, Oct. 4.—Though his  
once intended father-in-law de-  
clares it was an "unaccountable wo-  
man's whim" that led his daughter,  
Helena Stallo, a ten-million-dollar  
heiress, to break her engagement  
with Nils Florman, reputed descend-  
ant of kings, Florman himself today  
hinted that a "poisoned pen" had  
been busy maligning him as an ad-  
venturer. An anonymous correspond-  
ent, it is said, wrote Miss Stallo  
declaring that instead of being of  
noble birth, Florman's parents were  
masseurs and that Florman himself  
was an adventurer.

## WANTS HIS MONEY BACK

MERIDEN, Conn., Oct. 4.—Sup-  
pers at 25-cents each, ice cream at  
ten cents; chocolates at thirty-five  
cents a pound, car fares and even a  
waiter's tip of twenty-five cents,  
figure in the suit for \$12.53 brought  
in the city court today by Peter V.  
Hall, a painter, against Miss The-  
resa Aichler, of this place, to re-  
cover money spent on Miss Aichler  
between June 7 and July 22, this  
year, while Hall hoped to make her  
wife. She changed her mind, he  
says, and now he wants his money  
back.

## VIROQUA, WIS.

Mr. and Mrs. Adam Miller of Ross  
were business callers in the city.

Mr. and Mrs. Erasmus Ames of  
Viola looked after business here.  
State Treasurer A. H. Dahl of  
Westby was a caller in the city to-  
day.

Miss Elise Preus has gone to Min-  
nesota to take a teaching position.  
Frank Burlin of Tomah, a former  
Viروقا resident, will be married  
October 4 to a New York lady. The  
couple will visit several points in  
the east before returning to Tomah.

Mrs. Chris Nelson of La Crosse  
was here enroute to La Farge to see  
her sister, Mrs. Pauls, who is very  
sick.

Word comes from Oak Creek, Col.,  
that Lee Groves, formerly of this  
place, was recently married.

We Guarantee to Relieve Dyspepsia.  
If We Fail the Medicine Costs  
Nothing

To unquestionably prove to the  
people that indigestion and dyspep-  
sia can be permanently relieved and  
that Rexall Dyspepsia Tablets will  
bring about this result, we will fur-  
nish the medicine absolutely free if  
it fails to give satisfaction to any  
one using it.

The remarkable success of Rexall  
Dyspepsia Tablets is due to the high  
degree of scientific skill used in de-  
vising their formula as well as to  
the care exercised in their manufac-  
ture, whereby the well known prop-  
erties of Bismuth-Subnitrate and  
Pepsin have been combined with  
Carminatives and other agents.

Bismuth-Subnitrate and Pepsin  
are constantly employed and recog-  
nized by the entire medical profes-  
sion as invaluable in the treatment  
of indigestion and dyspepsia.

The Pepsin used in Rexall Dyspep-  
sia Tablets is carefully prepared so  
as to develop its greatest efficiency.  
Pepsin supplies to the digestive ap-  
paratus one of the most important  
elements of the digestive fluid. With-  
out it the digestion and assimilation  
of food are impossible.

The Carminatives possess prop-  
erties which aid in relieving the dis-  
turbances and pain caused by undi-  
gested food. This combination of  
these ingredients makes a remedy in-  
valuable for the complete relief of  
indigestion and dyspepsia.

We are so certain of this that we  
urge you to try Rexall Dyspepsia  
Tablets on our own personal guaran-  
tee. Three sizes, 25 cents, 50 cents,  
and \$1.00. Remember, you can ob-  
tain Rexall Remedies only at our  
store—The Rexall Store, O. T. Er-  
hart.

## Heat Process for Wrinkles and a Double Chin

(Ladies' Quarterly Review.)

Since it has become known that  
wrinkles, sagging flesh, double  
chin and enlarged pores are due  
to the starved condition of the  
tissues underneath the cuticle, it  
is also known that old fashioned  
thermized jelly will heat and  
feed and nourish the tissues. If  
you go to your druggist and pur-  
chase an ounce and a half of  
thermized jelly, rubbing half a  
teaspoonful into your face till it is  
absorbed and following by a  
wash of real cold water, you will  
begin immediately to get results.  
The impoverished tissues will re-  
spond very quickly, and the re-  
sult is that your whole face will  
soon be restored to its youthful,  
healthy, solid firmness. Those  
tissues are only sick and lifeless,  
because the skin has been clogged  
with worthless lotions, creams  
and cosmetics, dirt and whatnot.  
The thermized jelly will give  
them exactly what they need—  
good, nourishing, heat-giving  
food.

## A Voice From the Sea

On the far reef the breakers  
Recoil in shattered foam,  
Yet still the sea behind them  
Urges its forces home;  
Its chant of triumph surges  
Through all the thunderous din—  
The wave may break in failure,  
But the tide is sure to win.

## O mighty sea! thy message

In clanging spray is cast;  
Within God's plan of progress  
It matters not at last  
How wide the shores of evil,  
How strong the reefs of sin—  
The waves may be defeated,  
But the tide is sure to win.  
—Priscilla Leonard in the Outlook.

## Madras Mosquitoes

The late Henry Guy Carleton, the  
playwright, lived at Atlantic City,  
and, when the mosquitoes were bad,  
he would tell his Madras mosquito  
story.

"There are no mosquitoes," he  
would begin, "in Brittany, and a  
Breton woman, about to emigrate to  
Madras, was warned by a friend:

"Beware of the Madras mosqui-  
toes. They have long suckers hang-  
ing from their heads, and they will  
draw the very life blood out of you."

"The Breton woman arrived in  
Madras duly, and, as she disembark-  
ed, she saw three elephants drawn  
up near the pier.

"Ciel!" she cried. "Are those  
mosquitoes?" —Los Angeles Times.

## Unable to Answer

At the courts a case concerning  
motor driving was being heard,  
when the chauffeur declared that  
while driving at forty miles an  
hour he could, if necessary, pull up  
in ten or twelve feet.

"Um!" said the judge.

Then the next witness—an ex-  
pert—gave his evidence. Said his  
lordship:

"If a motor car were traveling  
at forty miles an hour, and the  
brakes could be put on in such a  
manner as to stop it within ten or  
twelve feet, where would the driver  
go?"

"Depends very much on the sort  
of life he'd been living," said the  
expert.—Tit-Bits.

## A Puzzling Answer

Gomer Davies was riding on the  
Central branch the other day when  
a very loquacious individual sat  
down beside him and began bom-  
barding him with questions. Gomer  
got very tired of his talkative friend,  
but did not complain. Finally the  
fellow looked down and noticed that  
Gomer had a wooden leg.

"How did you lose your leg?"  
he asked.

"I will tell you upon one condi-  
tion," said Gomer.

"What is it?"

"That you will not ask me anyoth-  
er question."

"All right."

"It was bitten off."

This aroused the curiosity of the  
questioner a great deal, but he  
made his word good and asked no  
further questions.

"I'll bet," said Gomer, "that that  
fellow has lost a lot of sleep since  
then wondering what sort of an an-  
imal bit that leg off." —Kansas City  
Journal.

## Wonderful Music

Sir Frederick Bridge, the famous  
organist of Westminster Abbey, tells  
a story of two ladies who were in  
the abbey just before the coronation.  
A vacuum cleaner was at work, mak-  
ing a great buzzing. One lady said  
to the other: "There's the organ; is  
it not splendid? It's Sir Frederick."  
The other lady said: "So it is; I  
thought it was Sir Walter, but he  
can't play like that." —Tit-Bits.

### TWO RAILROADS MAY BE MERGED

Rumor Declares that C. M. & St. P. Is About to Consolidate with C. M. & P. S. Ry.

Reports are in circulation that the Chicago, Milwaukee & St. Paul and the Chicago, Milwaukee & Puget Sound are to be consolidated and will be operated under one name. Officials have denied these rumors but the talk is persistent, however, and there is strong opinion that some big plan is under way.

Reports do not specify what the new name will be, but the belief in local circles is that it is likely to be the Chicago, Milwaukee & St. Paul, which will cause St. Paul to figure for the first time in a combination of names for a transcontinental line. The Chicago, Milwaukee & St. Paul is generally known as the "St. Paul."

When the St. Paul extended its lines from the Missouri river to the Pacific coast, it adopted the name of Chicago, Milwaukee & Puget Sound as title for the extension. With the two lines kept separately on the financial records and different headquarters, this was regarded as logical. But should the lines be merged, it is regarded as certain that the old name of Chicago, Milwaukee & St. Paul will be used and to St. Paul will accrue benefits from an advertising standpoint.

The headquarters of the Puget Sound are at Seattle, Wash., and a complete staff of officials is located there. Should the consolidation take place, it is expected that headquarters will be maintained in Chicago. The office of secretary of both companies has already been consolidated.

The reported change is in the direction of economy. Expenses would be considerably reduced, it is said, with no deterrent factor in efficiency.

### DATE OF FUNERAL NOT YET DECIDED

Arrangements for the funeral of Henry Kendhammer, 1352 Rose street who drowned Monday afternoon, have not yet been completed, the family waiting to hear from distant relatives before deciding the date of the funeral. The body was recovered yesterday afternoon by Leonard Radtke, 721 La Crosse street, who was grappling at just about the spot where the body disappeared. Two other boats were but fifteen feet away when Radtke signaled that he had located the body. An inquest was decided to be unnecessary.

THE ONLY WAY OUT

BOCKER—They didn't get a chance to say anything; my wife was in bathing.

### MRS. SCOTT WELL AGAIN

Good News from Martin Tells of Timely Recovery. Details Regarding the Case.

MARTIN, Tenn.—Mrs. Gennie Scott of this city says: "For years, I was troubled, more or less, with womanly troubles. Sometimes I would have shortness of breath, and smothering spells. I tried several doctors but they only gave me temporary relief."

At last, I tried Cardui, the woman's tonic, and found it to be the medicine suiting my case. I was quickly relieved by it, and now, for the first time in years, I am very well, and enjoy good health.

I praise Cardui for these good results. I recommend the medicine to my friends, because I know it is good, safe and reliable. It helped me wonderfully, and I can truthfully say that Cardui is the best medicine I have ever taken."

Be sure that Cardui, the woman's tonic, will bring you help, if you will use it regularly, and for a reasonable length of time.

You know you can depend on Cardui, because you have read of so many who are enthusiastic in its praise. Cardui has stood the test of time, the supreme test of merit.

Cardui is successful. It has been found to relieve womanly pain and build up womanly strength. Try Cardui. It will help you.

### BANDITS LOOT TRAIN

SHERIFF'S POSSE WITH BLOOD HOUNDS ON TRAIL OF MEN WHO HELD UP EXPRESS IN OKLAHOMA

OKLAHOMA CITY, Okla., Oct. 4.—Passenger train No. 29, on the Missouri, Kansas & Texas, from Parsons, Kas., to Oklahoma City, was held up early this morning by two bandits and its mail and express cars were looted. The train proceeded No. 21, which is the Kansas City-to-Oklahoma City through express and carries heavy mail and express.

It is believed by the railroad officials that the bandits were laying for the latter train, but made a mistake in the trains.

The two men, both unmasked, flagged the train about two miles south of Okeesa, of thirty miles from Bartlesville. They climbed up over the back of the engine and covered the engineer and fireman with guns, cut off the mail and express cars and ran them about a mile further up. They then stopped and looted the mail and express, but are said not to have gotten away with much booty, as the heavy mail and express they were looking for was on the next train.

The robbers relieved one of the mail clerks of \$46 dollars cash but hurt no one. Passengers were not molested.

The hold-up occurred at 1:15 o'clock this morning. Officers with bloodhounds were put on the express No. 21, which left Bartlesville at 2:15, and another party of officers went to the scene from Pawhuske in a motor car.

### BISHOP GOES AWAY POOR

CLEVELAND, Ohio, Oct. 4.—Rev. Joseph M. Koudelka, recently appointed auxiliary bishop to Archbishop Massmer of Milwaukee, will go to his new post as poor as he was when he came to St. Michael's Catholic church here, twenty-eight years ago, he declared today.

Last night, at a farewell reception given by his parishioners, he was tendered a check for \$4,000, which he declined. "I came here poor," he said, "and I am going away poor."

### HARD PROBLEM FOR WOMEN

Where Shall Minister Be Entertained When He Makes Pastoral Call on Servant?

"About the hardest problem I have had to solve in my brief housekeeping career," said the woman, "is what to do with the pastor when he calls on a servant girl. We have a good girl. She is a regular attendant at a chapel in the neighborhood. Every so often the pastor or his assistant in his rounds of the parish calls on her."

"I am a heathen myself in the matter of religious observances, nevertheless I know what is due to gentlemen of the cloth. The best room about the house should be at the disposal of one's spiritual adviser always. Should Lucy, then, receive her guest in the parlor, or should they compromise in the dining room? The kitchen as a place for entertaining the minister is quite out of the question."

"So far, the ministers calling at my house have been spared even the indignity of a dining room reception. I have taken to the back regions myself while Lucy held forth in the parlor. I know other women with church-going maids who are equally considerate. Altogether this is a delicate point on which we need some enlightenment from the etiquette experts."

A woman's idea of a standpatter is another woman who refuses to be hobbled by the latest whim of Dame Fashion.

### BURNS SOFT COAL

Without Smoke or Soot. A strong statement to make for any stove but one that is easily proven with The 20th CENTURY LAUREL HEATER—the pioneer soft coal burning stove.

The great objection against the burning of soft coal has been the black sooty smoke. This heater does not produce black sooty smoke and as soft coal gives as much heat as hard coal, it is the equal of a base burner in heat comfort and cleanliness.

Think of what you save on coal bills by using soft coal, Lignite or slack.

Come in and let us explain how the coal is consumed without giving off smoke. Let us show you the patented device for adding new fuel to the fire, that prevents soot or dirt from escaping into the room; how the mica in the door is kept clean and bright.

The illustration gives you some impression of the beauty of this wonderful heater. Wearing or heating qualities and strength have not been omitted at the expense of beauty in this heater—

### BIG CELEBRATION OF SILVER WEDDING

Mr. and Mrs. August Pralle, of the town of Shelby, last night celebrated their silver wedding anniversary with a monster feast and dance, and general sociable time. Over 350 friends and neighbors of the old couple were present at the festivities and wished them long life and prosperity.

In the afternoon, according to the old German custom, the aged couple was crowned, and the pastor of the German Lutheran church, Rev. Julius Bergholz, repeated the marriage service.

Following the ceremony, the guests adjourned to a great tent, seating 64 persons, which had been spread on the lawn. Twenty waiters were kept busy the whole evening keeping the guests in this tent supplied. The feature of the evening was a big dance in the new barn just erected on the farm.

Notable among the many silver gifts received by Mr. and Mrs. Pralle were a solid silver service, the gift of twenty-nine neighbors, and a great silver coffee set, presented by a number of friends of the couple in Iowa.

### PHILANDER AND THE ROSE

Little Joke That Clever Woman Played on a Male Philr at Coronado Beach.

All that you have to do to bring fire to a certain stock and bond broker down among the marts of Mammon is to wear a red rose.

The stock and bond broker has a reputation of being quite a philanderer—a "devil among the women," as it were. And on a recent visit to Coronado he was looking about with a view to conquest—looking about so obviously that a clever woman who was a guest at the hotel determined upon a little plan.

She dropped him a note, intimating that she would like to make his acquaintance. He answered the note with celerity. He wasted no time. He asked her if she would have dinner with him in San Diego that evening. "And, that I may know you accept," he concluded, "will you wear a red rose in the dining room at lunch time tomorrow?"

At the appointed lunch time every woman in the big dining room wore a red rose!

The stock and bond broker left Coronado on the first train. Oh, you red rose!—San Francisco Chronicle.

### LA CROSSE DISTRICT DEACONS RENAMED

MILWAUKEE, Wis., Oct. 4.—Bishop W. W. Webb has reappointed the Rev. H. E. Chase, Springbrook, La Crosse district, the Rev. C. H. Mallory, Milwaukee, and the Rev. W. G. Blossom, Madison, as archdeacons of the Milwaukee council diocese of the Episcopal church at its annual meeting yesterday in All Saints' cathedral.

The deacons reappointed were the Rev. James Sildell, Milwaukee; the Rev. M. Chase, Madison, and the Rev. B. H. Linley, Eau Claire, La Crosse district. These officers will be in direct charge of the various missionary departments in the state of the church. The Rev. Delaney will present a report on the increases in the various parishes and recommendations at the meeting this morning.

### NEVER DREW AN INFERENCE

Coachman, However, Thought the Horses Could Draw One if the Traces Held.

A young clergyman who had delivered a discourse in the place of an aged brother minister requested the opinion of the latter respecting it. "Oh," said he, plainly, "many of the words you used were beyond the comprehension of your hearers. Thus, for instance, the word 'inference'—perhaps not half of my parishioners understand its meaning."

"Inference, inference!" exclaimed the other. "Why, everyone must understand that."

"I think you will find it not so. There's my clerk, now. He prides himself upon his learning, and, in truth, is very intelligent. We will try him. Zachariah, come hither. Zachariah, my brother here wishes you to draw an inference; can you do it?"

"Why, I am pretty strong, but John, the coachman, is stronger than I. I'll ask him."

Zachariah went out for a few moments to look after the coachman, and returned. "John says he never tried to draw an inference, sir; but he reckons his horses can draw anything that the traces will hold!"

Anyway, the professional reformer has no occasion to worry about a shortage of material.

Being thankful one has things better than others never made an inch of progress in the world.

**BOARD OF TRADE TO MEET**

The board of directors of the board of trade will hold a meeting at the La Crosse club next Tuesday afternoon when many matters of importance will be disposed of. This meeting is one which was postponed from the last Tuesday in September which was La Crosse Day at the fair. For this reason it was decided to hold the meeting next Tuesday.

**WOMEN TO HAVE VOTES**

TORONTO, Ont., Oct. 4.—For the first time women will have votes in the Ecumenical conference of Methodism, which assembles for its fourth meeting here today. Five hundred delegates from America and abroad were in attendance.

**A Silken Lustre To the Dullest Hair**

(Fashion's Mirror)

"Proper care of hair and scalp does not mean time-consuming and expensive trips to the hair-dresser. Simplicity is the keynote—just an occasional brushing of scalp and hair on which has been sprinkled a tablespoonful of dry shampoo mixture. This is brushed through and out of the air, and with it comes all dust, dandruff and excess oil.

"To prepare the dry shampoo, mix together either 4 ounces of orris root or corn meal and 4 ounces theriac. Keep in sifter-top can and use once or twice each week. After a few shampoos dull, 'stringy,' lifeless or brittle hair grows wonderfully soft, silky and lustrous. Continued use induces a luxuriant growth."

### TAFT PREACHES FEDERAL CONTROL

10,000 Westerners Hear President's Defiance of Lands Convention Resolutions

DENVER, Colo., Oct. 4.—Preaching federal control of the natural resources to an audience of 10,000 westerners opposed to the policy he advocated, President Taft today told the Public Lands convention delegates here that he could not agree with them.

The convention yesterday adopted resolutions opposing at almost every point the theory of federal conservation, particularly the scheme, advocated by the president of leasing coal and phosphate lands now in the public domain.

"While you have already registered your verdict," said the president, "on many points of which I totally disagree with you, you want to remember that the question is how are we to find an affirmative remedy."

"Now your problem and my problem," said the president, reverting to the leasing problem question, "is to develop the land. To get capital and settlers upon it. Your proposition is that the leasing system will not bring capital to the lands. My contention is that it will."

"Now I want to warn you that when you send your committee to congress you had better give them a little quiet authority to make concessions, which would hardly agree with your resolutions."

**STATUES ARE UNVEILED**

HARRISBURG, Pa., Oct. 4.—The Barnard statues consisting of two groups at the entrance to the new state capitol here, were unveiled this afternoon. The statues are the ones which aroused a storm of protest throughout the state when first completed because many of the figures were nude and resulted in the state commission having charge of the work ordering that some of the figures be "draped." Former Congressman William H. Graham presented the statues to the state. They were received by Governor John Tener.

#### WEDDING OF MISS ROLFING AND MR. MUESTER

The wedding of Miss Emma Rolfing and Otto W. Muenster will take place this evening at 7 o'clock at the German M. E. church. The ceremony will be performed by Rev. W. H. Rolfing, father of the bride, who will also give her away. Miss Florence Rolfing, a sister of the bride, will be maid of honor, and Mr. Herbert Mermon will act as best man. Three young girls, Ruth and Ellen Salzer, nieces of the bride, and Edna Ellers, will precede the bridal party as they enter the church to the strains of the Lohengrin wedding march, played by Mrs. Paul Schulze, sister of the bride. They will be gowned in pink and white and carry baskets filled with rose petals which they will scatter in the pathway of the bride and groom. The ushers will be Messrs. P. T. Schulze, R. C. Rolfing, brother of the bride, and R. C. Schulze. After the ceremony a reception will be held at the home of Mr. and Mrs. John P. Salzer at which about forty guests, intimate friends and relatives will be present. The decorations will be in pink and white. The bride's table will be in white decorated with bride's roses. The bride will wear a dainty gown of white marquisette with garniture of pearl trimming over white satin. She will wear a veil confined with a wreath of orange blossoms and will carry a shower bouquet of lilies of the valley. The maid of honor's gown is of pink figured marquisette over pink messaline and she will carry pink roses. The bride has lived in this city several years and been connected with the La Crosse public schools. She has a large circle of friends with whom she is very popular. The groom is circulation manager of the La Crosse Tribune and has been a resident of the city for several years, coming here from Rock Island, Ill. Mr. and Mrs. Muenster will leave on a midnight train for the east.

#### BIRTHDAY PARTY

#### AUTOISTS INJURED

PHILADELPHIA, Pa., Oct. 4.—Harvey Ringler, the racing driver, and his mechanic Thomas Bowen, were hurled with their Mercer car over a thirty foot embankment today while negotiating the Sweet Briar curve during practice for next Saturday's Fairmont park motor race. They were found by a bicycle policeman, unconscious on the tow-path along the West river, surrounded by the wreckage of the car.

Ringler sustained a compound fracture of the left arm, contusions of the face and head, and a deep gash above the left eye. Bowen will be operated on for a compound fracture of the left thigh.

#### BAT GETS LICKED

BOSTON, Mass., Oct. 4.—Bat Nelson, the come back, is reflecting on the uses of adversity today, following the decision against him at the Armory A. A. last night in his bout with Young Saylor of Indianapolis. The scrap went twelve rounds and the opinion was today that Young Saylor showed real championship class. Nelson fought hard but was outstayed.

#### LIT CLUB DISCUSSES CURRENT TOPICS

At the Lit club meeting last night the following topics were discussed: La Crosse Park Improvements, A. Hayes; the Boy Scout Movement, Angus Casberg; the Pope of Rome, Ben Ott; Getting Most Out of Our Wood Products, K. Salzer; the Sinking of the "Liberte," Albert Welmar; the Parliament Bill of England, E. Stavrum. P. Egbert was the extemporaneous speaker of the evening. Mr. Carter gave an interesting talk on athletics, and Mr. Leach talked about the value of forensic work.

Hundredmark, Sorensen and Chamberlain were put on a committee to choose pins for the club. There will be a change in the program for next week, having a debate instead of topics. The subject for the debate is, "Resolved, that a Study of Latin and Greek is a Needless Waste of Time."

### TO RECALL PANAMA RULER

PANAMA, Oct. 4.—Announcement was made by President Arosemena today that the Panamanian cabinet had determined to recall the present minister to the U. S., Dr. Belisario Parris, on the ground that his services were unsatisfactory. President Arosemena has decided to resign from the presidency in February and again be a candidate for chief executive in August. This move is to avoid the constitutional provision that no candidate shall be permitted to run who has been president during the six months preceding election day.

## LA CROSSE TO SEND DELEGATES

Board of Trade Receives Invitations to Be Represented at Four Conventions

Secretary J. L. Utermoehl of the board of trade is in receipt of invitations inviting the local board to send delegates to four conventions which will be held during October, November and December. All four of these meetings are of importance. Mr. Utermoehl said this morning that anybody here who wished to be a delegate should send in his name to either himself or President Doerflinger.

One of the invitations received is for the sixth annual convention of the Lakes-to-the-Gulf Deep Waterway association, which will hold its sessions in the Chicago Auditorium theatre on October 12, 13 and 14. As this meeting will be of special interest to La Crosse people, because of the fact that this city is located on the Mississippi river, the board is desirous of sending delegates.

The Upper Mississippi River Improvement association will hold a convention in Alton, Ill., on October 23 and 24. This will doubtless be an important and interesting meeting as governors of the middle western states, mayors of cities, city councils, commercial organizations, and the press have been invited to be present.

Another invitation was received for the American Mining Congress which will be in session from October 24 to 28 inclusive at Hotel La Salle in Chicago. Originally it was intended to hold this convention earlier in the month but the date was changed so that President Taft, Secretary of the Interior Fisher, and Director Holmes of the bureau of mines might be present. President Taft is to deliver an address at the meeting on October 28.

The board also wishes to have this community represented at the Nineteenth National Irrigation congress which is to hold its sessions in Chicago from December 5 to 9. Governor McGovern has appointed delegates for this meeting.

It is the hope of the local board of trade that La Crosse be represented at all these conventions. Efforts to get delegates will be made.

## POWERS WARNING DEFIED BY ITALY

will be of not practical effect, but would help the sultan to save his face in the Mohammedan world.

**Tripoli Falls**  
BERLIN, Oct. 4.—Tripoli has fallen, after a most heroic defense by the Turkish garrison. With obsolete guns and protected only by the crumbling walls of antiquated fortresses the Turks sustained for hours a terrible bombardment from the Italian fleet.

Although they must have known that the fight was hopeless from the first, the Turkish troops stood gallantly to their guns although their short range ordinance fell far short of the attacking warships. The Turks obstinately refused to surrender.

It was only when the forts had ceased to be anything but a pile of ruins, when the governor's palace had been demolished and the military barracks were blazing that the garrison finally withdrew.

They commenced an orderly retreat towards the hills but could not withstand the hail of shrapnel from the Italian ships. They were forced to break their ranks and flee to what shelter they could reach.

As soon as the garrison was abandoned, the white flag was hoisted over the ruined forts and the Italians prepared to land.

## ROYALIST UPRISING IN PORTUGAL GROWS

LONDON, Oct. 4.—Advices from Portugal today say that the royalists now hold the towns of Chares, Barranca and Guimaraes. Portuguese diplomatic representatives here have so far maintained that the royalist uprisings had been unsuccessful.

In connection with the reports of royalist victories, significance was attached here today to the unexpected return to London of former King Manuel, who has been visiting Lord Londale at Lowther castle.

One of the members of the colony, self exiled in order to be near their former King Manuel, predicted that the monarchy would be re-established in northern Portugal, tomorrow, the anniversary of the revolution that resulted in Manuel's downfall.

sweeping in its provisions, restraining the strikers from congregating near the railroad property or from doing anything that will interfere with traffic. Refusal of the strikers to obey these sweeping injunctions may lead to a request that federal troops be used to enforce them.

### UNIONS WIN VICTORY

DENVER, Colo., Oct. 4.—Labor union leaders won a victory today when Judge Cavender of Leadville, sitting here, sustained the motions to quash the eight counts of conspiracy hanging over eight union men identified with the strike in the northern Colorado coal fields. The question of the release of the accused went over until tomorrow, to allow District Attorney Elliott time to decide if he cares to appeal to the supreme court.

## BREAKS WINDOWS IN EIGHT STORES

Business Places on Market Street Visited by Miscreant Who Throws Rocks Thru Glass

Windows in eight saloons and stores in the south end of the city were broken by some unknown party between the hours of 12 and one o'clock last night, in each case the glass being broken by throwing a stone through the window. The police are working on the case, but up to a late hour this afternoon declared that they were still in the dark concerning the identity of the miscreant.

Windows were broken in the following places:  
John Kindley, drug store, Eighth and Market streets.  
E. G. Wimmer, grocery, sixth and Market streets.

George N. Bedesmes, grocery, 729 South Sixth street.  
J. M. Cole, confectionery, 514 South Ninth street.

Matthew A. Kubal, saloon, 631 South Eighth street.

A. J. Beutler, grocery, Fourth and Market streets.

Theodore C. Weisbecker, saloon, Sixth and Market streets.

J. B. Knutson, meat market, Fifth Market streets.

All of the places where windows were broken are in a radius of two blocks from Seventh and Market streets. The police are inclined to the belief that all of the acts were committed by the same person, and as the property loss amounts to a large amount in the aggregate, they are working hard on the case.

John Kindley, whose drug store window was broken, said today that he was convinced that it was broken between midnight and 12:30. At 12:30 he was aroused by the policeman on the beat, who told him of the affair. The policeman declared that he had passed the store at 12 o'clock, and that at that time the glass was intact. The other broken windows were all discovered by 1 o'clock. No clue has been found as to the motive for the wholesale breakage.

### ELKS GO TO WINONA

MANY ATTEND ANNUAL MINSTREL SHOW OF WINONA BROTHERS TONIGHT. LOCAL REHEARSALS SOON

Thirty Elks from La Crosse will leave this evening to attend the annual minstrel show of the Winona Elks, which will be given in the Winona opera house tonight. The show was given yesterday evening to a full house, and a local Elk who attended the show last night in Winona, states that it is the cleverest amateur performance that has ever been staged in that city.

The advance sales of seats for this evening's performance have completely sold out the house, and this coupled with the packed house which witnessed the first performance, is witness to the worth of the show.

Everything in last night's performance passed off without a hitch. There is tuneful music, funny jokes and clever dancing, and Winonans declare that the show would do credit to any professional aggregation.

Great credit for the performance is due to Mr. Holly Shephard and his wife, who managed and produced the minstrel in the up river town. They have been engaged to take charge of the production of the annual La Crosse Elks' minstrel, and will start rehearsals for this event Thursday of this week.

**MILWAUKEE WRECK; RUN TRAINS ON "Q"**  
All Milwaukee road passenger trains are running over the tracks of the Burlington from Winona to La Crosse, following a wreck on the main line of the former road just this side of Winona, when several cars of a stock train left the track. The wreck occurred just before noon today.

No particulars of the wreck have been received in La Crosse up to a late hour this afternoon, although it is thought that no one was injured. A wrecking crew was dispatched from North La Crosse to clean up the wreckage this afternoon.

Grain Letter

CHICAGO, Oct. 4.—It was generally expected that further weakness would develop in wheat today because of the more favorable political outlook on the other side, the better weather over the northwest, where the rains appeared over, and the tired feeling which seemed to rule the trade at the close yesterday. But the market was stubborn, opening exactly where it closed last night and remaining there by noon, the only loss being 1/4c in December.

After opening exactly where it closed, there was a slight dip in the corn market, but rallies immediately covered the losses and noon prices coincided with last night's close, and this morning's opening. Except that the weather in the corn belt is much improved and clear conditions predicted the corn trade was without any important news.

Oats, which opened at last night's closing figures, were a little heavy. There was free selling of December and almost as free buying, for by noon that month showed a decline of only 1/4c. The local crowd were good sellers of May. Receivers look for an increase in the movement of oats.

The provision market had a firm undertone, the feature being the buying of 500,000 pounds of October ribs, thought to be for a Milwaukee packer.

WEBSTER IS INDICTED

OREGON, Ill., Oct. 4.—Dr. Elgin Webster, confessed bigamist and wife slayer, was indicted today on the charge of first degree murder. The state's attorney's office is making preparations to give him a speedy trial. It is believed Webster's attorneys will immediately ask for an insanity commission.

## BLEACHERS FALL FIFTEEN INJURED

Five Probably Fatally Hurt at Race Track at Springfield, Illinois, Today

SPRINGFIELD, Ill., Oct. 4.—Fifteen persons were injured, five probably fatally, when the bleachers along the home stretch of the mile track at the fair grounds collapsed at 2:40 o'clock this afternoon. The stands fell when the crowd rose to cheer the winner of the 2:07 pace. The injured persons were rushed to the emergency hospital on the grounds and if their condition warranted, were carried in autos to the downtown hospitals. It is not believed any will die. It is estimated 800 people were occupying the bleachers when it fell.

CAMPAIN MONEY

RECORD MISSING

(Continued from Page One)

as "an old soldier and warm personal friend of Senator Stephenson," the witness said he paid Col. Lewis \$300 to be used "in any manner he saw fit to promote the interests of Stephenson."

"You placed no restrictions upon him at all?"

"Absolutely none."

"Then he might have used the money to buy votes, for all you know?"

"He might have."

Destroyed Papers

Edmonds testified to destroying many papers and memoranda on cleaning up his desk after the campaign, but could not recall just what they were. He was relentlessly questioned on this point and Chairman Heyburn created a sensation by warning the witness that his answers were dangerous to him and that he "would give him another chance." Which drew a protest from Attorney Littlefield. Witness insisted he had "no recollection" and "no judgment" on the point.

"Well, was it because one paper was larger than another that you determined in its favor?" asked Heyburn.

The witness knew nothing about \$250 delivered Bancroft. Pressed about the purpose for which Edward McMahon had been paid \$300, three days after the primary the witness said McMahon had been in Grant county soliciting the support of Mr. Stephenson and in Iowa county to get the support of Mr. Rogers.

"Well, now we're getting something definite, at last," said Chairman Heyburn.

Chairman Heyburn was amazed that Edmonds had paid Solon I. Perrin of Superior \$3,250 on a simple introduction to him by Attorney E. M. Hyzer. The witness could not account for a "single item of service done by Perrin" and did not remember seeing him again in the campaign. Responding to questions the witness said he would have paid Perrin \$20,000 without consulting Stephenson or anyone else. "Then that is your idea of the measure of your responsibility as a political manager under the laws of Wisconsin?" asked Heyburn.

At this Attorney Littlefield hastened to explain that Mr. Hyzer was a member of the law firm doing business for Stephenson.

Continuing his testimony this afternoon before the senate committee, Edmonds said he paid John T. Kelly, then city attorney of Milwaukee \$500 to make speeches for Mr. Stephenson. Then he decided not to send Kelly out. Kelly kept the money. He received no account of the \$500 he gave Senator J. J. McGillivray.

MRS. DOCKEFELLER IS ILL

NEW YORK, Oct. 4.—Seeking to restore his wife's health, William Rockefeller, nephew of the Standard Oil magnate, took passage with Mrs. Rockefeller on the Mauretania today, bound for European watering places. It is said Mrs. Rockefeller is seriously ill. A report this afternoon was to the effect that Rockefeller himself was in poor health. Great secrecy was maintained over his departure, and the fact was not admitted at headquarters of the Standard Oil company.

MILK CASE POSTPONED

The case against John Newburg, who, it is alleged, sold milk which was under grade, which was to have been tried in police court yesterday, was postponed until Tuesday, October 10, because the defendant's attorney is out of the city. There will be a jury trial of the case next week, the jury to be drawn at that time.

Watch Fobs

We have just received our new fall stock of watch fobs. There has been a strong call for gold filled woven wire fobs of good wearing qualities at from \$2.50 to \$3.00. We are pleased to say that we now have a superb line, all new patterns, at these prices. We are sure that our prices are from \$1.00 to \$2.00 lower on each fob than any other store in the city. Our mail order and wholesale business enables us to undersell. Every fob marked and sold for one-third less than regular retail prices.

## PLAN BIG GERMAN DAY CELEBRATION

La Crosse County Germans Will Commemorate First Landing in America

Arrangements are now being completed for a German Day celebration to take place at Germania hall to commemorate the landing of the first Germans in this country at Germantown. Although it is not yet certain, the date for this celebration will probably be October 22.

The German-American Alliance of La Crosse county, of which there are over 1,000 active members, is to arrange for this event. An excellent program is to be given. Addresses and musical numbers constituting the entertainment. Efforts are being made to get some outside speaker of note here and several short addresses will be given by local men. There will be a male chorus of fifty or sixty voices which will furnish part of the music. One of the most interesting programs heard here for some time is promised.

J. L. Utermoehl, who is the first vice-president of the German-American Alliance, is also president of the committee on arrangements, and he has appointed a committee to take charge of this work. Presidents of the several German societies constitute this committee which is as follows: Mayor Dengler, president of the Alliance, is an ex-officio member, while H. O. Klein of the Germania society, John G. Malin of the Frohsinn society, Carl Ahrens of the Concordia Aid society, J. G. Jaekel of the Third Ward Aid society, and J. Schumacher of Bangor, are the other members of the committee.

JOHN BERANEK IS BURIED TODAY

The funeral of John Beranek, aged 49 years, who died Monday, was held this morning, a large number of his friends and acquaintances attending to pay their last respects.

Rev. X. Till officiated at the services which were held at St. Wenceslaus church at 9 o'clock. Local lodge No. 91 of the brewery workers, and the Catholic Workmen's society, branch 5, of which Mr. Beranek was a member, attended in a body, while a great many others were also present.

Mr. Beranek, who was born in Bohemia, has lived in La Crosse for 32 years and he was well known here.

Interment took place in the Catholic cemetery, the pallbearers being Joseph Nekola, Tom Kuera, Tom Frantesl, Joseph Wstecka, Anton Wstecka and Joseph Frisch. Fessler and Dahl were in charge of the funeral arrangements.

BOAST TO GIRL IS CAUSE OF ARREST

NEW YORK, Oct. 4.—The girl to whom W. G. Demarest boasted that he knew the murderer of Adolf Stern, the jeweler, who was shot dead by a "taxicab assailant" last July, was responsible for the arraignment in the Jefferson Market court today of Martin Garvey, 24, whom detectives accuse of the crime. Demarest is also held to explain how he happened to know so much about the crime. It was on the night of July 22 that three men drove up to the jewelry store of Jacob Jacoby. Two got out. One broke a window, glass and fled with a tray of diamond rings. As Rudolph Stern, a clerk, rushed out, he was shot dead. The men got away in a red taxicab. Three witnesses to the shooting assert Garvey was the assailant.

WILSON WILL HELP WILEY; MAY RETIRE

WASHINGTON, Oct. 4.—It became known today that Secretary of Agriculture Wilson will not retire unless President Taft requests his resignation as a result of the revelations made in the pure food inquiry which has resulted so far as Dr. Wiley being in complete control of the board of food and drug inspection. Wilson's friends admitted today that they did not know whether Taft wished him to remain at the head of the department. In the meantime, however, Wilson is going ahead to change conditions as rapidly as possible to conform with the president's letter, so that when Taft returns he will find Wiley in supreme control of the enforcement of the pure food and drug law.

## STUDENTS' SPIRITS RISING CHAMPS SPLIT ON DOUBLE

College Men Bury Hammer and Are Supporting the Football Team and Coach

First Battle Goes to Conny Mack's Crew, but Johnson Wins Second

MADISON, Wis., Oct. 4.—With but two weeks of practice behind them, Coach Richards' squad is already rounding into shape. It is safe to say that the Wisconsin squad this year is far in advance of any bunch that has worked at Camp Randall for several years. In fact, it is safe to say that, barring too many accidents, Wisconsin will have a team this year that will resemble those of the distant past, when Wisconsin really had teams that could deliver the goods, and then some.

One of the most encouraging things about the situation is the attitude of the team and the student body are taking toward the new coach. For several years this attitude has not been all it should be, the spirit of "knock" being continually in the air and everybody having their little hammer out at the slightest pretext. But this year some of the old Wisconsin spirit has come back and the team and student body are with the coach to the man. He has given the squad some stiff work, work that would have caused a lot of grumbling a year ago, but this fall the team got into it with a vim and an eagerness that pleased all concerned. And never a word of criticism is heard. Ever since the beginning of practice the men have had work three times a day, at Camp Randall in the morning and afternoon, and a rule quiz at the gym in the evening. Coach Richards has insisted on thorough mastering of the rudiments of the game and the squad shows remarkable improvements along these lines. Judging from the way they have been handling the tackling dummies and the way they have landed their men in scrimmage there is little possibility of another Steffens making a touchdown through the whole team from a kickoff.

## HOOSIER BOOTER WILL BE MAIN STAY

BLOOMINGTON, Ind., Oct. 4.—Hoosier rooters believe today that Captain Andy Gill of the Indiana Eleven, is going to do great things in the kicking of goals when his team meets the Maroons next Saturday. The little quarterback made two goals from the forty and thirty-five yard line yesterday during the first scrimmage practice of the year against the freshmen.

## How To Protect Yourself When Buying Roofing

The quality of prepared roofing doesn't show in the roll. On the building is where shoddy shows and quality endures. Here is the way to protect yourself against inferior goods. Look for the Vulcanite trademark on the roll and you'll know that the contents are warranted worth what you pay. There is a real meaning to the Vulcanite trademark. It is a guarantee that

will wear. It is a pledge that Vulcanite is the best roofing it is possible to manufacture. It is a warrant of "money's worth" in the highest degree. When you pay less than Vulcanite prices you get less than Vulcanite quality. When you pay more you can't get more. Vulcanite prices represent actual cost of best possible materials and making with a small profit added. Ask the dealer whose name appears below, about the Vulcanite guarantee. ## DIAMOND DUST

One would think, to gaze at the box score of that affair in the city of Brotherly Love, that the Giants really wanted to participate in the world's championship series. Or would we have said: "Wished."

The Cubs, too, with foolish energy, played as though they expected a look in at that world's series game money. They spanked Pitchers Dale, Standridge, Sakert, Soured Lauder-milk and pounded Cannitz.

But all the Cubs get out of being runners up to the Giants will be the privilege of mixing up things with the White Sox—for the championship of Chicago. Where's that?

The Athletics took the first man from the Senators, but Walter Johnson, who is a pitcher, believe us, gave 'em only one hit in the five innings of the second game, and shut 'em out, 2 to 0.

"Tubby" Spencer, given \$50,000 by a fond papa for retiring from the Phillies, immediately tried to become a financier by betting \$5,000 to \$4,200 on the Athletics. Well, papa has more if "Tubby" loses.

## CHICAGO MAY LAND G. O. P. CONVENTION

WASHINGTON, Oct. 4.—When the republican national committee meets in Washington in December, it will decide whether the national convention of 1912 will be held in Chicago, Denver, Buffalo or St. Louis. Some republican party managers are believed to be somewhat favorable to Chicago because of its central locality, the capacity of its auditorium and the ease with which the necessary funds can be raised. Denver probably will be Chicago's most determined competitor, assurances already being given that there will be no difficulty in raising \$100,000 for convention expenses.

If Denver fails to capture the republican convention it will make overtures to the democratic national convention. At present Baltimore is the liveliest bidder for the democratic convention and its position in the field is strengthened by the support of Speaker Champ Clark. As Clark, one of the presidential candidates, is a citizen of Missouri, St. Louis is expected to make a bid on sentimental grounds. The democrats will not select their convention until after the republicans have made their choice.

## CHICAGO 'SLUGGERS' SENTENCED TO JAIL

CHICAGO, Oct. 4.—Peter Gentleman, Edward Storgard, William (Red) Connors and Arthur O'Connor, labor sluggers, convicted for assaulting Morgan H. Bell, a non-union steamfitter, today were sentenced to serve from one to fourteen years in state's prison. All except Gentleman were allowed their liberty until Saturday, that their attorneys may go to Springfield to seek a writ of supersedeas to keep them out of the penitentiary until the supreme court has heard their plea for a new trial. Gentleman was not given his liberty because he is serving a term for burglary.

In order to kill the jinx Rodgers had every member of his party change their hotel room after Monday's accident and the mascot kitten, Fiz, has lost its happy home.

## CHI IS READY

CHICAGO, Oct. 4.—Coach Stagg will try to put his men through another scrimmage practice today if their condition permits. The Maroons have been working hard in preparation for the battle with Indiana next Saturday. Coach Stagg has made it known that simple playing will be resorted to against the Hoosiers.

They fell upon Alexander the Great and sent him on a Turkey trot for the shelter of the players' entrenchments. Then they bombarded young Mr. Stanley without the formality of an ultimatum. Altogether twenty-nine men participated in the fray; the death and wounded list will be secured later. Can get no details now, for all is excitement.

## BANK ROBBERS CAUGHT

CHIPPEWA FALLS, Wis., Oct. 4.—Peter Riley and Walt Harris were arrested on Tuesday as suspects following an attempt to rob the Citizens' State bank at New Auburn, and an exciting chase during which shots were exchanged between pursuing townsmen and the fleeing thieves.

In a running fight the safeblowers left the posse behind. Later, Riley and Harris, going toward Chetek, were encountered and taken into custody. They are in jail.

## BAPTISTS IN CONVENTION

JANESVILLE, Wis., Oct. 4.—For the first time in the history of the state, the Freewill Baptists have consolidated with the Baptist church, meeting here Tuesday night in its sixty-seventh annual convention. Representatives of thirty-two Freewill Baptist churches and missions, having a membership of 1,400, were at the convention.

## CHARITY DAY TO GET MORAL AGENT

Day Similar to Tag Day Will Be Given by Humane Society to Procure Funds

### WILL ATTEND PUBLIC DANCES

Woman Worker Will Attempt to Save Young Girls; Annual Meeting This Month

The moral or charity worker, for the purpose of attending public dance halls and other places of amusement which are said to have a demoralizing effect on young women and girls, is almost assured La Crosse. At the meeting of the Humane Society and Associated Charities, held at the city hall last night, the report of E. S. Hebbard, Miss Gertrude Hogan and Rev. George Longbrake, who were appointed to act as a committee to investigate the advisability of procuring a charity worker, favored the proposition. The report also contained a recommendation to the effect that a day be set aside within the next two months which would correspond with tag day, for the purpose of raising funds for the procuring of a charity worker. The report was accepted by the directors and the committee instructed to set a day and to make arrangements for raising funds. Although tag day may again be used for the purpose, it is thought that some other means will be used this year. A share of the money thus raised will be used in paying the salary of the visiting nurse and the remainder will be converted to the use of the charity worker.

A committee was appointed to take charge of the annual meeting which was due for October 31, but as Halloween comes on the same date the committee has been instructed to change the date. The annual meeting will be held some time this month and efforts will be made to make this one of the memorial occasions in the history of the society and bring before the general public the necessity of charitable work and the good that is derived therefrom. The meeting will be public and arrangements will be made to have a large number of people present. The committee may decide to procure a speaker for the occasion. Mr. Lees, one of the foremost charitable workers of Minneapolis having been suggested.

The election of officers and directors for the ensuing year will be held at the annual meeting. A committee has been appointed for the purpose of nominating officers and directors.

### Reports Accepted

The reports of the visiting nurse, Humane officer and the treasurer were all read and accepted by the directors. During the last three months Mr. Berry, humane officer, has made 476 visits in his official capacity. This is a slight decrease over the preceding three months.

## CASCARETS CLEANSE LIVER AND BOWELS

No Billiousness, Headache, Sick, Sour Stomach, Indigestion, Coated Tongue or Constipation

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give you a thorough cleansing inside and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.

### TOMAH FARMER

#### RELIEVED OF \$150

TOMAH, Wis., Oct. 4.—A retired farmer, named S. Pokrand, who makes his home at the Railroad House, is lamenting the loss of \$150 which was abstracted from his trunk during his temporary absence. The case has been reported to the police but as yet they have no clue as to who took the money. This is the second robbery within a month in which Mr. Pokrand was the victim.

At the circuit court at Sparta the suit of Frank Steen versus the Goodyear Lumber company of this city is one of the most interesting cases on the docket. Mr. Steen lost his right leg while working in the saw mill last fall and is suing the company for \$20,000. The jury was brought to Tomah Tuesday afternoon and made a careful inspection of the machinery in the mill. They were in charge of Sheriff McFadden.

Raymond Seckles, an Oneida Indian, has entered the Tomah high school. He is expected to be of great help in football.

William Lowrie accused of house breaking, was taken before Justice Bartels Monday morning and was bound over to the Monroe county court for trial. No clue has been found of his companion.

A soldier of Battery F was arrested Monday night for disorderly conduct and was fined \$5.50 and costs.

Battery F, of the Fifth Regiment of cavalry camped Monday night on the lots owned by Robert Howie on its way from the Sparta range to Fort Sheridan, Ill. Their next stop is Camp Douglas. The battery consisted of about two hundred men and as many horses.

The police are arresting all who ride bicycles after dark without lights. They are determined to abolish this dangerous practice. Three bicyclists were arrested Monday evening.

Nora Gasper, a resident of this city, was a caller in La Crosse Sunday.

Clare Griggs spent Sunday in Sparta.

Henry Retter is spending a two weeks' vacation at Ely, Minn., Duluth, and Superior.

Miss Marguerite Nuzum spent last Saturday and Sunday in Sparta.

Mrs. E. Hielman and daughter, Eleanor spent a few days in Hartford last week.

Frank Webster of Camp Douglas, spent Saturday and Sunday in this city.

Miss Mary Mick of this city, was a caller in La Crosse Sunday.

Edwin Finnerty spent Sunday in Sparta.

W. A. Booth spent a few days last week in New Lisbon.

The Tomah high school football team plays Columbus next Saturday on the campus.

Fred Schmidt and George Knick are engaged with the Gustaf orchestra of Sparta, to play at dances this week.

C. W. Fisk was a business caller in La Crosse Monday.

Miss Alice Hanchett left Saturday for Dollar Bay, Mich., where she has been engaged to teach school.

## OLD-TIME REMEDY DARKENS THE HAIR

Gives Color, Lustre to Faded and Gray Hair—Dandruff Quickly Removed

From time immemorial, sage and sulphur have been used for the hair and scalp. Almost everyone knows of the value of such a combination for darkening the hair, for curing dandruff and falling hair, and for making the hair grow.

In olden times the only way to get a hair tonic of this sort was to brew it in the home fireplace, a method which was troublesome and not always satisfactory. Nowadays almost every up-to-date druggist can supply his patrons with a ready-to-use product, skillfully compounded in perfectly equipped laboratories. The Wyeth Chemical Company of New York put up an ideal remedy of this sort, called Wyeth's Sage and Sulphur Hair Remedy, and authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agent O. T. Erhart, 520 Main St.

## COUNCIL FAVORS ANTI-MASH LAW

Joint Council Committee Last Night Recommends Adoption of Marvin's Anti-Mashing Law

### MAY SELL MARKET SQUARE

Resolution Introduced for Sale of Land to Private Persons and Purchase of New Site

The police and ordinance committees of the common council last night decided to report favorably at the meeting of the council September 16 on Alderman Marvin's anti-mashing law. The vote of the committee on the recommendations was unanimously favorable.

Several other matters were brought before the council—committees for recommendations, chief among them being a resolution introduced by Alderman Roellig for the sale of the present market square to private persons, and the purchase of a new market site for the city. The aldermen were divided on the question, several claiming that the land had been obtained by the city by condemnation proceedings, and therefore could not be sold. The matter was held up for the present, and the city attorney was instructed to determine whether the city could legally sell the square.

The ordinance creating the office of inspector of weights and measures was also held over after a great deal of discussion. It was advanced that there was already a state law in effect creating such an office, and that there was no need for another ordinance. City Attorney Schubert declared that this law did not apply to La Crosse, as under the city charter the chief of police was made city sealer. The aldermen commissioned the city attorney to find out whether the law was necessary, and to draw up a suitable ordinance if required.

Alderman Marvin's resolution prohibiting the sale of fireworks in La Crosse after July 4, 1912, was also discussed. The aldermen decided to lay the present resolution on the table, and another will be drafted, absolutely prohibiting the sale and use of fireworks from the time of its passage.

A resolution introduced by Alderman Marvin to have the sandbars removed on the edges of sidewalks near the normal school and at other places was discussed, and the committees decided against it.

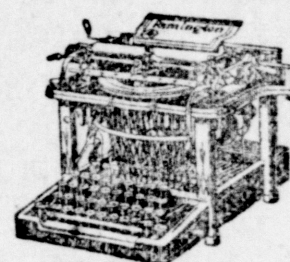

After listening to a description of the Bertillon and finger print systems of criminal identification, the joint committees last night recommended that the chief of police place his written request for this installation of the system at the next council meeting, so that it can be included in next year's budget.

### A Window Washer's View.

A window washer was called upon one day to clean the windows of a business concern on the nineteenth floor of a skyscraper in lower Broadway, New York. The cleaner paused in wonderment as he passed through the lines of typewriter operators as they clicked off their correspondence and went to the window and fastened the two straps dangling from his belt to hooks at the side of the window frame. He cast another surprised glance at the men operating the typewriters, and as he swung outward over the dizzy height, his weight sustained by the slender straps, he muttered:

"It's mighty odd how some people do make their living in this world, any way!"

### Dominoes First Played by Monks.

The game of dominoes was the invention of two French monks. In the beginning they found amusement by playing at a primitive form of it with small flat stones they had marked with spots to designate them. When a game was finished the winner was wont to declare his victory by reciting the first line of the vesper service—"Dixit Dominus Domino meo." Before long all of the monks in the monastery found recreation in the game, and presently the vesper line was cut down, for brevity's sake, to the one word "Domino," thus furnishing the name which has clung to the game ever since.

### Feminine Reasoning.

Stella—Her gown is just like yours. Bella—I don't care if hers is a duplicate of mine, but I don't want mine a duplicate of hers.—Puck.

### Volapuk.

A few years ago Volapuk was the order of the day, and we are only reminded of its erstwhile fame by reading an account in a Paris contemporary of the death of its founder. He was an ecclesiastic named Schleyer, and his method was to constitute a universal language by borrowing freely from the Roman and German tongues. The proposal received a great deal of attention from serious writers, and it goes without saying that it came in for a lot of ridicule. The effort might have succeeded had it not been for Esperanto. The old priest watched the rise and decline of his proposal, and he lived to see its fall. The thought that must suggest itself to all who give the matter consideration is: Why should there be a new language? Why not teach boys to write Latin as a universal language? An effort in this direction is being made in Germany.

## PROGRESSIVES UNABLE TO ATTEND BANQUET

MINNEAPOLIS, Minn., Oct. 4.—Congressman C. A. Lindbergh, A. J. Volstad and Sydney A. Anderson have sent regrets in response to invitations from the Young Men's Republican club in closing reserved seats on the stage of the Auditorium for the Taft meeting October 24th.

No responses have been received from Senator Moses E. Clapp and Congressman C. R. Davis.

All these have declared a preference for Senator R. M. La Follette for president.

Sydney A. Anderson writes that he expects to see the president at Mankato but cannot come to Minneapolis.

Mr. Volstad says that he has another engagement and Mr. Lindbergh says merely that he will be unable to come.

### BULLETINS FROM THE FRONT

ROME, Oct. 4.—King Victor Emanuel today issued an order to the generals and admirals of the army and navy to "shed as little blood as possible." This is taken as an indication that the Italian government believes a peaceful solution is in sight.

### LAKE BOAT IS ADRIPT

CREW RESCUED FROM SINKING SHIP; DERELICT FLOATING IN COURSE OF TRAFFIC

DULUTH, Minn., Oct. 4.—Abandoned by its crew of thirteen men, the steamship A. L. Hopkins, laden with lumber, is adrift on Lake Superior in the path of vessels bound to and from the head of the lakes. The news reached Duluth on Tuesday from Ashland, where the crew was taken by the ore carrier Dinkley.

At the time the crew was rescued the Hopkins was floating sixteen miles northeast by east of Michigan island, directly in the path of vessels between Ashland and Keweenaw point. The shifting of the wind to the south will throw it in the path of vessels; as it is floating deep, only its spars are visible in the swell. Government officials have notified all vessels to be on a sharp lookout for the Hopkins.

### MUSCATINE STRIKERS PLAN BIG PARADE

MUSCATINE, Iowa, Oct. 4.—Friday evening is the time set for another labor demonstration in Muscatine. The Trades and Labor assembly has sent out a call to all local bodies to participate in a big parade that night. Sheriff Van Atta is determined that no rioting will mark the present labor war waged by the striking button workers, and is recruiting his force with local and imported men. Each train from the east brings in additions to his deputized force, which now includes more than 100 officers. The authorities fear that the parade will result as did the night parade last year, which culminated in the call for the militia. Last evening a crowd of 1,000 people surrounded the Automatic plant, but, protected by special officers, not the slightest injury befell the eighty non-union workers there.

### FEARFUL BURNING ITCH WAS CURED

By Cuticura Soap and Ointment. Another Man Had Itching on Scalp. Hair Fell Out, Leaving Bald Spots. Now Hair Has Grown, Thanks to Cuticura Soap and Ointment.

"I deem it my duty to tell about a cure that the Cuticura Soap and Ointment have made on myself. My trouble began in spots breaking out right in the edge of my hair on the forehead, and spread over the front part of the top of my head from ear to ear, and over my ears which caused a most fearful burning itch, or eczema. For three years I had this terrible breaking out on my forehead and scalp. I tried my family doctor and he failed to cure it. Then I tried the Cuticura Soap and Ointment and used them for two months with the result of a complete cure. Cuticura Soap and Ointment should have the credit due, and I have advised a lot of people to use them." (Signed) C. D. Thurington, Creek, N. C., Jan. 25, 1911.

"I will say that I have been suffering with an itching on my scalp for the past few years. My hair fell out in spots all over my head. My scalp started to trouble me with sores, then the sores healed up, and crusts formed on the top. Then the hair fell out and left me three bald spots the shape of a half dollar. I went to more than one doctor, but could not get any relief, so I started to use the Cuticura Remedies. I tried one bar of Cuticura Soap and some Cuticura Ointment, and felt relieved right away. Now the bald spots have disappeared, and my hair has grown, thanks to the Cuticura Soap and Ointment. I highly recommend the Cuticura Remedies to all that are suffering with scalp trouble." (Signed) Samuel Stern, 236 Floyd St., Brooklyn, N. Y., Feb. 7, 1911.

Although Cuticura Soap and Ointment are sold everywhere, a liberal sample of each, with 25-cent book on the skin, will be sent post free, on application to Potter Drug & Chem. Corp., Dept. 9A, Boston, Mass.

### PLAN A BIG WEDDING

OVER 1000 INVITATIONS OUT FOR MARRIAGE OF MISS JEANETTE BULL OF RACINE TO JOHN REID

RACINE, Wis., Oct. 4.—One of the most important functions of the society season will be the wedding of Miss Jeanette Bull, daughter of Mr. and Mrs. Frank Bull of Racine, and John Reid, Jr., son of Mr. and Mrs. John Reid, Yonkers, at St. Luke's Episcopal church on Oct. 10. A thousand invitations have been issued for the ceremony, and 1500 invitations to the wedding breakfast at the residence of the bride's parents.

Bishop Robinson will officiate, and Samuel Colburn, Boston, a famous composer and youngest director in Boston opera companies, will play the wedding march and give a concert preceding the ceremony.

Miss Lydia Crosby Wallis, Racine, will be the maid of honor and the bridesmaids will be Jean Reid, sister of the groom; Lilla Ormond, a prima donna of Boston; Katharine Colburn, Boston, and Katharine Robinson, Eleanor Schoenberger, Besse Bull Robinson, Mable M. Mitchell, Juliet L. Richard of Racine. The best man will be Archie M. Reid, brother of the groom and a Yale man.

### CITY GETS COAL TO PREVENT SHORTAGE

President J. T. Day of the board of public works said this morning that he had already received twelve carloads of coal for use in the pump house this year, this supply being in addition to the regular amount carried on hand by the city.

It was deemed advisable to get this extra amount of fuel in view of the fact that there might be trouble on the railroads during the winter, and in case this happened there would likely be a shortage in the city coal supply.

When the coal tester, which is to be bought following the action of the council authorizing such a machine to be purchased, arrives, all fuel purchased by the city will be subjected to a test.

### PROGRESSIVE LAWS TO UNDERGO TESTS

MADISON, Wis., Oct. 4.—The constitutionality of three of the most important acts of the last Wisconsin legislature, the income tax law, workmen's compensation act, and the new water power law, will soon be passed upon by the supreme court. The supreme court this morning granted motions to bring suit to test the income tax and water power law. A similar motion relating to the workmen's compensation act was denied, but the motion to advance the case of Borgnis vs. Falk, involving the constitutionality of the workmen's compensation act, was granted, so that all three of the big cases soon will be acted upon.

### TRUSTS WILLING TO MAKE TERMS

Four Great Combines Agree to Reorganize to Escape Federal Prosecution

### ATTEMPT TO COMPROMISE

U. S. Circuit Court Decree Will Be Procured to Hold Trusts to Agreements

NEW YORK, Oct. 4.—When Attorney General Wickersham returns to Washington next week, he will carry with him agreements from four and possibly five of the biggest trusts in the United States to reorganize their business or disintegrate after the fashion of the United States supreme court orders in the cases of the American Tobacco company and the Standard Oil company.

The four trusts which are known to have come to terms with the attorney general rather than face prosecution under the Sherman anti-trust law are the electrical trust the Dupont Powder company, the Southern Wholesale Grocers' association, and the International Harvester company.

Notwithstanding the recent defiant statement of J. P. Morgan and Judge E. H. Gary, it is stated on the best of authority that there is a possibility that the United States Steel corporation will follow in the footsteps of the International Harvester company with which it is closely affiliated.

Attorney General Wickersham was due to return to Washington Monday. That he remained in this city was due to the fact that the trusts on whose trail his trust busters have been for many weeks suddenly performed a precipitate about-face and expressed a willingness to come to terms with the department of justice. This attitude, it is stated, was not made known to Wickersham until the trust officials had been unsuccessful in every effort to compromise with him.

The attorney-general is now working out the details of the reorganization of the four trusts named and he may be called upon to undertake a similar task with the Steel trust, if such work is not already under way.

The attorney-general has been successful in forcing the trusts into an agreement which will revolutionize their business much the same as the reorganization now going on in the American Tobacco and Standard Oil companies. Before the end of the week he expects to have signed agreements from the Powder trust, the Harvester trust, the Grocers' trust, and the Electrical trust, which will set forth in detail the manner of doing business in the future.

In the near future the attorney general will place these agreements into a U. S. circuit court. Counsel for the trusts will inform the court of their willingness to reorganize in conformity with the agreements. The attorney general then will ask the court to issue the decrees in the form of decrees of the court. The object of this procedure is to force the trusts to agree to the terms of the department of justice and a trust, the department would be compelled to start litigation of a prolonged nature for the purpose of enforcing the agreement. By having the agreements take the form of a federal court decree, however, the trusts immediately place themselves in a position where they can be prosecuted for contempt of court the moment the court is satisfied the agreement has been broken.

### MURDER WAVE IN SOUTH

LOUISVILLE, Ky., Oct. 4.—At least four are dead, according to reports here today as the result of a murder wave throughout the state. All were due to feud hatreds. At Williamsburg, William Young shot Scott Keeton. At Maysville, Charles Smith attempted to murder his wife, and then tried suicide. Both will probably die.

### GOOD NEWS

Many La Crosse Readers Have Heard It and Profited Thereby "Good news travels fast," and the thousands of bad back sufferers in La Crosse are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with the Old Quaker Remedy.

Here is an example worth reading. Mrs. E. Berger, 603 Hood St., La Crosse, Wis., says: "My kidneys failed to do their work as they should and caused me great annoyance. I had an almost constant backache and in the morning when I got up, I felt all worn out. Seeing Doan's Kidney Pills advertised, I got a supply at Erhart's Drug Store and gave them a trial. They soon brought relief and I continued their use until well. In October, 1908, I gave a public endorsement of Doan's Kidney Pills and at this time I am pleased to confirm all I then said about them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

### B. A. Y. WILL OPEN FALL CAMPAIGN

Membership Will Be Increased to 1,500; Represented at Fair; Rowena Circle Meets

The La Crosse Lodge of Brotherhood of American Yeomen is preparing for a fall campaign for new members to increase its membership to 1,500. H. A. Lee, state manager for the order has secured a number of hustling field managers who will commence a canvass. The campaign is already on and a great number of new members have been written up. The finish of the campaign will be an open meeting and class adoption when all the new members will be taken in and an elaborate program will be given. Speakers from Des Moines, Iowa, Minneapolis, Minn., and some of La Crosse's best talent will address the gathering. This is expected to be one of the largest classes ever taken in. The Yeomen have taken in some very large classes since they started here. The local order is the largest order in the city and is one of the largest orders in the Yeomen ranks.

A special dispensation from William Koch, the grand foreman of the order has been given to make a reduction in the membership fee for this grand class adoption. Special beautiful prizes are to be given to persons who assist the deputies in securing new members for this class adoption.

**Makes Hit at Fair**  
The Brotherhood of American Yeomen of La Crosse, had a rest room at the Interstate fair and the number of visitors shows that it was popular. Special souvenirs of the order were given to the visitors. All who signed the visiting list were given a chance on a fourteen karat gold fountain pen, which was drawn Friday afternoon. Dr. A. N. Jones of Reedsburg, Wis., was the lucky person.

**Dance Big Success**  
The dance given by the Brotherhood of American Yeomen Tuesday in Linker hall was well patron-

ized and every one had a splendid time.

**R. C. Entertainers**  
The Rowena Circle, No. 2, Brotherhood of American Yeomen held their regular meeting in Linker hall yesterday afternoon. The meeting opened at 2 o'clock, after which a card party was given. During this time the committee set tables for an elaborate lunch in the dining room.

**GROSSCUP TO TRY ONE MORE**

CHICAGO, Oct. 4.—Judge Peter S. Grosscup of the U. S. circuit court of appeals this afternoon declared he would hear one more case before his retirement from the federal bench. He will sit Thursday in the Chicago & Milwaukee Electric Railway receivership proceedings.

Life is never the same to the trousers.

**WEDDING IS SURPRISE**

The many friends of E. C. Childress and Mrs. R. P. Rodgers were surprised by the announcement of their wedding, which took place privately yesterday in a nearby town. Mr. Childress is a traveling sales man.

When adversity distributes tasks on the ground the points are always placed upwards.

## UNLIKE ANY OTHER

One secret of Monarch superiority lies in the wonderful responsiveness of its key action. In no other typewriter in the world do the keys so readily yield to the slightest touch of the finger.

That is why the Monarch is easier to operate than any other writing machine.

## MONARCH LIGHT TOUCH

That is why it wards off fatigue and saves nerve-strain on the part of the stenographer. In consequence, her work is more accurate, greater in quantity than it is possible to obtain with any other writing machine.

**MONTHLY PAYMENTS.**  
Monarch machines may be purchased on the Monthly Payment plan. Send for Monarch Literature. Learn the many reasons for Monarch superiority. A post card will bring full information.
